RESEARCH RECORD

Active Grants

Fostering Resilience Among Mothers Early (FRAME) (7/1/20-6/31/21)- Total Cost: \$40,000
Lorna G. Moore Faculty Launch Award Program (**Farewell, PI**)

The FRAME project will use data from the Growing Up In New Zealand (GUiNZ) study and has
three AIMS: 1) Investigate associations between critical periods of maternal depression and
childhood BMI at 5- and 8- years of age, 2) Identify latent classes of mothers based on maternal
depression trajectories from the prenatal period through five-years postpartum, and 3) Explore
patterns of internal and external resilience factors that may differentially predict maternal
depression class membership.

Role: Principal Investigator, .25 FTE

Fostering Resilience in Early Educators (FREE): Family, Friend, and Neighbor Caregivers
(06/01/20-05/31/22)- Total Cost: \$275,000

The Colorado Health Foundation (**Farewell, Co-PI**)

The FREE program is a two-generation, two-component early childhood education (ECE)
center-based intervention focused on ensuring that informal FFN caregivers prioritize self-care to
improve their mental health and well-being, in turn promoting high quality relationships with the
children in their care and fostering resilience.

Role: Co-Principal Investigator, .10 FTE

Fostering Resilience in Early Educators (FREE): Southeast Colorado (05/01/20-04/30/22)-
Total Cost: \$75,000

Temple Hoyne Buell Foundation (**Farewell, Co-PI**)

The FREE program is a two-generation, two-component early childhood education (ECE) center-based intervention focused on ensuring that ECE caregivers have access to workplace supports that improve their mental health and well-being, in turn promoting high quality relationships with the children in their care and fostering resilience.

Role: Co-Principal Investigator, .075 FTE

Fostering Resilience in Early Educators (FREE): Colorado Springs (05/01/20-04/30/22)-

Total Cost: \$232,177

Colorado Springs Health Foundation- **(Farewell, Co-PI)**

The FREE program is a two-generation, two-component early childhood education (ECE) center-based intervention focused on ensuring that ECE caregivers have access to workplace supports that improve their mental health and well-being, in turn promoting high quality relationships with the children in their care and fostering resilience.

Role: Co-Principal Investigator, .075 FTE

Perinatal Mental Health and Resilience: Exploring the Role of Mindfulness (03/01/20-2/29/21)- Total Cost: \$10,000

UCHealth Integrative Medicine Center- **(Farewell, PI)**

The primary aim of this project is to implement and evaluate a 6-week Mindfulness-based Intervention facilitated by two clinical psychologists and designed to help women stay well during pregnancy. A mixed-methods evaluation will be used to analyze the impacts of the intervention.

Role: Principal Investigator, .05 FTE

My Baby My Move+: A Community Wellness Intervention (8/2019-8/2021)- Total Cost: \$456,778

National Institutes of Health – **(Leiferman, PI)**

The MBMM+ is a peer-led wellness intervention that utilizes a combination of didactic and experiential components, including walking and yoga, to promote prenatal wellness. The primary goal of the intervention is to reduce excessive gestational weight gain by targeting prenatal physical activity, mood, and sleep quality.

Role: Co-Investigator, .10 FTE

Completed Grants

Culture of Wellness in Preschools (2/15/2015-2/14/2017; 6/1/2016-5/31/2017; 2/15/2018-6/30/2020) – Total Cost: \$2,336,378

The Colorado Health Foundation; Colorado Department of Health and Human Services **(Puma, PI)**

These grants allowed us to adapt the Culture of Wellness in Preschools (COWP) program so that it focuses on promoting positive physical development, in addition to cognitive, language, and social-emotional development for preschool-aged children, and caregiver physical and mental health and wellbeing. It is expected that this project will reach over 10,000 children and adults in 4 counties in Colorado by June 2020.

Role: Program Manager, .5-1.0 FTE

Evaluation to Understand Characteristics to Making Successful Health-Promoting Changes in Early Childhood Education Settings (1/1/2019-1/31/2020)- Total Cost: \$65,662
Temple Hoyne Buell Foundation – **(Farewell, Co-PI)**

This grant was used to evaluate the implementation and sustainability of health-promoting policy, system and environmental changes in rural and urban early childhood education centers in 13 counties throughout Colorado using Dissemination and Implementation frameworks.

Role: Co-Principal Investigator, .20 FTE

Safety and Health Innovation in Preschools (SHIP) (9/1/2018-8/31/2019) - Total Cost: \$30,853.16

National Institute for Occupational Safety and Health (NIOSH)- Center for Health, Work & Environment (CHWE) - **(Farewell, PI)**

This funding was for a pilot project to adapt a strategic planning process tool to implement policy, system and environmental changes that promote caregiver mental health and well-being in childhood education centers and to evaluate the tool using mixed-methods.

Role: Principal Investigator, .05 FTE

Critical periods of Maternal Stress Exposure and Early Childhood Obesity: Exploring Risk and Protective Factors in New Zealand (3/1/2018-2/28/2019) - Total Cost: \$19,903

National Science Foundation – **(Farewell, PI)**

This funding was for my Doctoral Dissertation Research Improvement Grant in Biological Anthropology. The primary objective was to use a mixed-methods approach to explore the lived experience of stress and to understand risk and protective pathways between maternal stress exposure in early life and the development of childhood obesity at 54-months. These data were collected in Auckland, New Zealand.

Role: Principal Investigator

Healthy Environment Project (1/1/2018-12/31/18; 5/1/2018-4/30/18) - Total Cost: \$153,851
Colorado Springs Health Foundation, Temple Hoyne Buell Foundation – **(Puma, PI)**

We leveraged funding from two foundations to implement professional development trainings for early childhood education providers to make health-promoting center-based PSE changes in El Paso and Teller Counties.

Role: Program Manager, .10 FTE

Healthy Childcare Makes a Healthy Start (8/1/2014-5/31/2015) - Total Cost: \$150,000
Conference of Mayors and the American Beverage Association (PI on sub-contract for ~\$30,000)

This project supported 6 childcare settings (2 center and 4 home) environments to make environment and policy changes to promote healthy eating and physical activity. Additionally, it trained all early childcare health inspectors in healthy eating, activity living strategies to use with early childcare providers through Denver.

Role: Trainer and Evaluator
