

Hoffman Communicable Disease Control Scholarship in Epidemiology

We are very pleased to announce the availability of the Hoffman Communicable Disease Control Scholarship in Epidemiology, funded by the Richard E. Hoffman, MD, MPH Endowment Fund for Public Health Scholarships, to provide support to students enrolled in the MPH, MS, PhD and DrPH programs in Epidemiology in the Colorado School of Public Health. This scholarship will be awarded to 1- 2 students for up to \$10,000 (\$5000 each if awarded to more than one student).

Qualifications:

- Incoming and current students in the MPH, MS, PhD and DrPH programs in Epidemiology are eligible to apply.
- Both Colorado residents and non-residents are eligible to apply.
- Priority will be given to students with financial need who aspire for a career in applied infectious disease epidemiology.

Submit the following to Drue Wagenschutz via e-mail (Drue.wagenschutz@cuanschutz.edu):

- An essay describing your educational, research and career goals related to the control and prevention of communicable diseases in a federal, state, or local public health agency. The essay should include information about the student's financial need, career goals, and how the scholarship will help them attain their goals. The essay should be *no longer* than 1 page (typed, single spaced, 11pt font, ½ inch margins).
- Letter of recommendation from a faculty member or mentor who can speak to how the support would lead to the professional development for the scholar.
 - Faculty can send the letter of recommendation directly to Drue Wagenschutz Drue.wagenschutz@cuanschutz.edu
- CoSPH unofficial transcript (if applicable)

The deadline for applications is August 1.

Students may re-apply. Students may receive the scholarship only once. The funds should be used to further advance the student's academic progress (i.e. tuition, books, travel to research conferences, research etc.).

If you have questions, please contact Drue Wagenschutz (Drue.wagenschutz@cuanschutz.edu)
