

# Improving OSH in MSEs The contribution of partnership for massive approaches

Patrick Laine, Marc Malenfer

INRS, French National Institute for Research and Safety

marc.malenfer@inrs.fr

Our job: making yours safer

www.inrs.fr

### INRS IN BRIEF

#### **Mission**

To contribute to the prevention of occupational accidents and diseases through studies and research, guidance and advice, training and information, in order to:

- identify occupational risks and highlight hazards
- analyse their impact on health and safety at work
- develop and promote the means to control these risks out in the companies

#### INRS IN BRIEF

#### **Funding**

National Fund for the Prevention of Occupational Accidents and Diseases managed by French State Health Insurance

#### Resources

■ Budget: €82.5 M

■ Human resources: **586 staff members** (210 employees in Paris and 376 in Nancy)

#### **Operating principles**

- Joint Board of Directors representing employers and employee trade unions associations
- Independent scientific commission to evaluate scientific and technical works

# SMEs : différent reality

99% of all businesses in the Europe.

Company	Staff headcount	Turnover	or <b>Balance sheet total</b>
Medium-sized	< 250	≤ € 50 m	≤ € 43 m
Small	< 50	≤ € 10 m	≤ € 10 m
Micro	< 10	≤ € 2 m	≤ € 2 m

#### A completely different reality.

Company category	Staff headcount	OSH expertise	Involved in OSH program
Medium-sized	< 250	+	+
Small	< 50	+/-	+/-
Micro	< 10	-	-

# Two challenges to face

Numbers of companies in EU: 23 000 000

Company	Staff headcount	Distribution	Number of companies
Medium-sized	< 250	1 %	224,647
Small	< 50	6 %	1,378,702
Micro	< 10	92,8 %	21,356,252

#### Involvement in OSH actions

Company category	Staff headcount	OSH Involvement	
Medium-sized	< 250	Dedicated person or team	
Small	< 50	The beginning	
Micro	< 10	Lack of concern	

# General context

The SMEs play an increasingly important role in our economy.

Getting micro-enterprises to take action is a real challenge for prevention players

# **INRS MSE programs**

#### A full-time 2-person unit:

- Define a suitable methodology (studies, benchmark...)
- Test (approaches, tools, partnerships)
- Follow-up and assess (monitoring, statistics collection, qualitative reports, etc.)
- Distribute (training, information)

The unit draws on the expertise of the institute's multidisciplinary teams.

#### Main features

#### **Marketing approach:**

- Analyse of targets and their needs (populations, awareness of the subject, concerns) related to the subject, etc.)
- Analyse of their environment and operating methods (organisation, contacts, information collection channels, etc.)

#### **Tool-based and solution-based sector approaches:**

- Lack of concern about OSH => get them more involved by talking about their specific jobs
- Lack of expertise => simple support tools
- Operational approach => solutions adapted to their context

#### **Partnership approaches:**

- With partners in the profession (professional organisations)
- With local partners (accounting firms, chambers of commerce)
- Search for complementarity (non OSH-specialized players)

# Direct relation from initiator to companies

Adjust the level of expertise to the size of the companies Collective action rather than individual action Deal with a few risks instead of all the risks Use digital tools to help companies

Initiator organization SME

Public organization
OSH institution
Regional or national security funds

No possibility to reach all companies Make micro enterprises aware of OSH interest

# **Partnerships**

#### Why do we need partners?

- Increase credibility
- Help disseminate tools, advice, information to MSEs

#### Win win partnerships: meet the needs of the partner

- Help him to answer to the needs of its clients & staff
- Give him the opportunity to develop new offers

#### **Conditions for success:**

- Involve the partner from the beginning
- Improve the skills of your partner on OSH (staff training)

# Prevention by intermediaries

Initiator identifies OSH needs of SMEs

Initiator identifies intermediary organization

Provide support and tools

Initiator organization

Public organization
OSH institution
Regional or national
security funds

Chartered accountant
Chambers of commerce
and industry

Social Partners, ....

**Intermediary** 

organization

Provider of OSH

Match the needs

with OSH services

Segment the target in relation with intermediary organization

SME

# Example: Small restaurants in France

Needs of restaurants: comply with rules Provide tool and Have only one advisor for advices for risk any question of regulation analyses Chambers of commerce have 180 advisors 180 advisors dedicated to tourism 97 000 small companies dedicated to tourism Chambers of **National** Restaurants commerce security funds and industry With INRS Segment the target in support relation with 20 Regional security funds intermediary organization 30/10/2017

## Agreement

- Partnership agreement
  - Experiment before (test actions, local agreement...)
  - Engagement (planification, feedback)
  - Flexibility (pay attention to the specificities of your partner)

# A win-win partnership: key to succes

# Pay attention to:

- Each partner has to benefit of the action (Adjust the action that way)
- Chose a partner with a capacity to widely disseminate
- Best situation is when partners are complementary.

# Our job: making yours safer Thanks for your attention
