### Workplace Wellness How To's

#### Choose your own goal!

Each week, choose a goal from the list provided or create your own. It can be the same each week or you can switch it up.

#### **How to participate:**

- Complete the form with the start & end date of the challenge, name of your wellness champion, and COWP facilitator.
- 2. Pick your goal each week.
- Give yourself 1 point for each day you complete your goal. Weekends count too!

#### At the end of the challenge:

Turn your log into your wellness champion.

Celebrate your successes along the way!!

## Stages of Change Model

Below are the stages of change. Keep these in mind when you are setting your weekly goal. You may be thinking about making a change, preparing for a change, taking action, or maintaining a change you are already working on. People move back and forth between stages, so remember that it's a process, and keep working towards your ultimate goal!
